CAPTIVATE™
PREFINISHED SIDING & TRIM

NEW!

SPECIAL
ORDER

azekeexteriors.com/captivate

TRIM

Captivate™ prefinished PVC trim combines AZEK® engineered polymers, PaintPro® technology surface prep and automated painting with top-tier solar-reflective coatings keep trim cool. High-tech machines ensure consistent coverage and a smooth coat. Each piece is cured in a controlled environment. **The result: A finish superior to anything painted in the field.**

Trim is smooth on one side and woodgrain on the other and can be finished on either side.

Dark colors? No problem—Captivate™ means the performance and low maintenance of AZEK PVC, **even in black!**

Captivate™ substrates carry the **AZEK Lifetime Limited Warranty** against rotting, splitting, splintering, swelling, and warping from excessive moisture absorption. On top of that, the paint manufacturer warrants Captivate™ paint performance for 15 years against cracking, peeling, or flaking.

LP SmartTrim

Nothing personalizes a home quite like LP® SmartSide® Trim & Fascia. It's the perfect accent to any substrate, including brick, vinyl, wood and stucco. All LP SmartSide Trim products are uniform in density and thickness, free of knots and voids, and manufactured with our proprietary SmartGuard® process to help resist rot and termite damage.

- Primed with acrylic latex primer for added convenience and exceptional paint adhesion
- Ideal for corner boards, frieze, windows and doors
- Available in a variety of textures, profiles, lengths and widths

TruExterior Trim

This decorative exterior trim offers phenomenal performance, remarkable workability and a lasting look without the cracking, splitting, cupping and rotting that commonly plague other exterior trim products.

- Suitable for ground contact
- Can be painted any color
- No need to prime ends or make field cuts
- Workability exceeds that of wood trim
- Maintains dimensional stability†
- No cracking or splitting from moisture†
- Resists rot and termite attacks†
- Installs with standard woodworking tools
- Reversible woodgrain/smooth
- Accepts a wide variety of fasteners
- Made in the USA
- 20-year limited warranty†

† See TruExterior[®] Trim Limited Warranty and Product Data Sheets for proprietary test results.

Vinyl-Routed Railing System

This routed system features a unique internal rail-to-post connection and hidden hardware, so there are no unsightly brackets. The aluminum-reinforced rail connects to a sturdy galvanized post support kit inside the routed post.

Vinyl-Bracketed Railing System

Standard features include concealed aluminum rail mount brackets and stainless steel screws for long-lasting strength and peace of mind. Aluminum rail-mount brackets provide safe and secure metal-to-metal, rail-to-post connection for greater strength and longevity.

- Popular T-rail top rail and 2" x 4" bottom rail system for a completely seamless appearance
- Choice of two baluster styles
- Listed with the ICC-ES as designated in report NER-605
- Suitable for residential and commercial applications — including multi-family and higher than three stories
- Meets IBC standards for building safety
- Lifetime limited warranty with 5-year SureStart™ protection

Introducing SmartColumn™

A new seamless fiberglass sleeve for pressure treated wood posts.

SmartColumn is the latest column innovation from HB&G. Utilizing a pultruded sleeve and beveled cap and base, SmartColumn eliminates the need to site-build a column.

SmartColumn offers:

- Major Labor Savings - Installs 3.5 times faster than typical site-built column
- Fast Installation
- Limited Lifetime Warranty
- Superior Aesthetics
- Fewer Parts

SmartColumn is a pultruded fiberglass post sleeve that is attached to a load-bearing post before the post is installed on the porch. The cap & base are packaged in the middle of the sleeve and covered by the cardboard packaging. Once the post is installed, the cap and base are ready to be secured.

REEB®

an **S B P** brand

Vertical Cable Railing

A fresh, modern style makes this cable rail system popular with homeowners, while the pre-installed cable makes it popular with contractors. All of the cable is high-quality 316-grade stainless steel, and it comes pre-installed in the section.

- Pre-strung cable installs quickly and easily. Just separate the top and bottom rails.
- Can be cut down in the field to any width needed.
- No fittings need to be quoted, purchased, or installed — just posts (with caps and trims) and railing sections.
- 36" railing in textured black, textured bronze, and textured white available within a week. Other colors and 42" tall railing is available special order.
- Manufactured, fabricated and tested in the USA.

Horizontal Cable Railing

Key-Link's gorgeous contemporary system gives today's homeowners the look they want, while the ease of installation makes our cable rail the premier choice for contractors.

All posts come either pre-fitted with Marine Grade 316 Stainless Steel cable fittings or pre-drilled saving valuable installation time.

Key-Link's exclusive fittings allow you to take cable easily around corners and down stairs for a clean, seamless look.

Chesapeake Series

The Chesapeake Series railing is the perfect choice for those who like to spend time on the deck with friends and family.

The deckboard top rail gives guests a convenient place to rest food plates or drinks, making it easy to host events outdoors.

Chesapeake is available in Horizontal Cable, Vertical Cable and Square baluster railing kits and includes predrilled top rail and fasteners to secure coordinating deckboard.

NEW!

TimberTech Advanced PVC Decking

With highly advanced materials science, Advanced PVC decking delivers the most realistic wood looks and best performance to anything on the market.

- » Most advanced polymer material in the cap and core for superior performance
- » Highly resistant to moisture damage like mold and mildew and won't rot, crack, splinter, or warp
- » Protected by an industry-leading Lifetime Limited Product Warranty
- » Superior resistance to fading, staining, and weathering — backed by a 50-Year Fade & Stain Warranty
- » Barefoot-friendly: Stays up to 30° degrees cooler* and offers 40% better slip resistance than competitive composites
- » Made from approximately 50% recycled material

*Although TimberTech Advanced PVC Decking is cooler to the touch than many other deck board products, all decking products will get hot in the sun. Additionally, the darker the decking color, the hotter it will feel. For hotter climates, consider choosing a lighter color.

VINTAGE COLLECTION®

Exotic Hardwood Aesthetic

Engineered to resemble sought-after premium hardwoods like Ipe, Mahogany, and Teak, the Vintage Collection delivers high-end aesthetics. The collection features a refined wire-brushed finish and multi-tonal color blending with highlights and lowlights to replicate the nuanced colors of these prized hardwoods.

- » Multi-Width Decking available in all colors.
- » MAX (1.5" thick) boards available in Coastline. Can span up to 24" on center, making it ideal for boardwalks, docks, and other commercial applications.

LANDMARK COLLECTION™

Crosscut Hardwoods

The Landmark Collections is designed to resemble popular hardwoods like white oak and walnut that have been crosscut for character-rich texture. The crosscut cathedral grain with a matte finish delivers a soft yet textured look while the cascading color blending ensures a unique look for every board.

» All colors available in standard width and thickness.

HARVEST COLLECTION®

Cathedral Grain

The Harvest Collection features an attractive cathedral grain with varying peaks and swirls for an authentic wood look. The soft, solid colors deliver a painted or stained wood aesthetic and are highly versatile, suiting a wide range of styles.

- » All colors available in standard width and thickness
- » Brownstone and Slate Gray available in standard and wide widths.
- » MAX (1.5" thick) boards available in Slate Gray. Can span up to 24" on center, making it ideal for boardwalks, docks, and other commercial applications.

TREX: COMPOSITE DECKING

**NEW!**Engineering What's Next
in Outdoor Living®

trex.com

The Next Generation of Design and Performance

Transcend Lineage is engineered to keep decks cooler, even on the hottest days.

- » Designed with heat-mitigating technology to give you Trex's coolest decking yet*
- » Tranquil tones that stand up to the elements
- » Made from 95% recycled materials in the USA
- » Backed by 50-Year Limited Residential and Fade & Stain warranties

**Although Trex Transcend Lineage is designed to be cooler than most other composite decking products of a similar color, on a hot sunny day, it will get hot. On hot days, care should be taken to avoid extended contact between exposed skin and the deck surface, especially with young children and those with special needs.*

TREX: DECK & RAIL LIGHTING

Trex Deck & Rail Lighting

Engineering What's Next
in Outdoor Living®

trex.com

Easy to build into a new or existing deck, Trex Deck Lighting is even easier to set up with the Trex LightHub® connection system. To take the look up another notch, try the optional timer and dimmer for total lighting control. Whether safely illuminating stairways with LED step lights or highlighting the perimeter with deck post lighting, our lights offers a long-lasting glow that never fails to match the beauty of a Trex deck.

Post Cap Light

ea

Tucked discreetly under the cap, Post Cap Lights provide a warm downward glow in colors that perfectly match Trex railing.

White	Black	Gravel Path
Rope Swing	Tree House	Vintage Lantern

**Stair Riser Light**

4 pack

Installed into step risers, riser lights are durable enough to handle years of passing foot traffic.

Bronze	Charcoal Black	Classic White

Trex® Protect™ JOIST & BEAM TAPE

Trex® Protect™ Joist Tape

- » Protects the top of the joist, rim joist, and ledger board from developing rot and wood decay
- » Butyl-based tape helps deck screws hold longer and stronger than acrylic or asphalt-based tape
- » Acts as a barrier between wood and galvanized metal such as joist hangers
- » Seals deck fasteners and prevents moisture penetration
- » Eliminates splitting from freeze and thaw
- » Provides a non-skid surface making it safer during installation
- » Available in two widths 1-5/8" for joists and 3-1/8" for double beams
- » Backed by a 20-year warranty

Item	Size	Code
Single joists	1-5/8" x 50'	TRPJT1
Double joists	3-1/8" x 50'	TRPJT3

Deck Fasteners

For installing CAPTOR xd Headcote screws, use the **Smart-Bit Depth Setter**. Its built-in clutch drives screws to the perfect depth, every time.
