CAPTIVATE™
PREFINISHED SIDING & TRIM

azekexteriors.com/captivate

5" Straight Shingle in Storm Cloud

Board and Batten in Acadian Coastline

AZEK® EXTERIORS
LIFETIME LIMITED
WARRANTY

Captivate Siding uses special solar reflective pigments that help keep your siding cool and add longevity.

Paint is applied with high-tech machines that ensure consistent coverage and a smooth coat. The finish on each piece is cured in a controlled environment instead of hoping for the right weather conditions on-site.

Dark colors? No problem—Captivate means the performance and low maintenance of AZEK PVC, **even in black**!

Captivate substrates carry the **AZEK Lifetime Limited Warranty** against rotting, splintering, swelling, and warping from excessive moisture absorption. On top of that, the paint manufacturer **warrants Captivate paint performance for 15 years** against cracking, peeling, or flaking.

Options include:

  Straight Shingles: 5", 7" reveals

  Staggered Shingles: 6" reveal

  Board and Batten: from 8" to 16" batten spacing, smooth or woodgrain

  Corners: 5/4" x 4", 6" x 20', smooth or woodgrain

Call for pricing.

SPECIAL ORDER

WE ARE ABLE TO ACCEPT RETURNS OF ONLY UNOPENED CEDARLIFE BOXES

CertainTeed's innovative CedarLife Color Blends capture the appearance of natural Eastern white cedar and Western red cedar at various life stages. CedarLife enables the selection of random color patterns for one-of-a-kind exterior designs.

Individual 5" Shingles:

- A more durable and low-maintenance alternative to real cedar shingles
- Authentic sawmill grain finish
- Three shades – light, medium, and dark – in each color family can be blended or used in one shade
- Five solid colors
- Seven different panel widths from 4" to 8" are packed together
- Can be installed with staples
- Markings molded into shingles make installation fast and easy
- Trim with Restoration Millwork

Natural Blend

Driftwood Blend

Cedar Blend

Rustic Blend
Shingle Gap Zone
Overlapping shingle gap must fall between vertical marks and Fastener Target zones

Starter 1/2" Offset
Align with top of first course shingles.

Course Hash Marks
Align marks to top of prior course to assure 5" exposure.

Preformed Holes
For hand-nailing application

Fastener Target Zone
Fastener must be applied within the recessed area. Two fasteners per shingle are required.

Savannah Wicker with Cedar Impressions
Double 7" Staggered Perfection in Natural Clay

SPECIAL ORDER

■ Custom-contoured foam provides strength and outstanding impact resistance

■ Can increase overall thermal performance, reducing heating and cooling costs

■ Reduces air infiltration to inhibit drafts

■ Absorbs sound for reduced exterior noise infiltration

■ Compensates for minor wall imperfections

■ Insulation treated with fire retardant and insect repellent —contains no ozone-depleting chemicals

CERTAINTEED: VERTICAL VINYL SIDING

Board & Batten

SIDING

Single 7" in Forest

Stocked at the Erie Materials Distribution Center and ready for quick shipment!
Always check for current inventory status.

See Color Matrix on Page 105

Board & Batten vertical siding recreates the historic charm and rustic cedar look of a centuries-old siding style originally applied to log-built homes, barns and other early American structures.

- Ideal for whole-house or accent applications
- The widest vinyl board span in the industry
- Flat-face board design results in a straight, even surface

- Straight-edged battens for a sharp, carpentered look
- 1/2" batten height
- 12'6" panels are 2'6" longer than competitive panels, offering installation and aesthetic advantages

SPECIAL ORDER

Make a Lasting Impression

The solid, authentic, high-end look of real cedar siding, with none of the problems of real wood, engineered wood, or fiber cement.

- Virtually impervious to water, ideal for freeze/thaw environments

- Mineral composite with highly UV-resistant acrylic capstock and authentic CedarTouch® finish

- Never requires any caulking, painting, or seam flashing

- Industry's tightest, best-looking lap siding seams, preloaded with stainless steel seam brackets

- Superior wind, hail, and impact resistance

- Superior dimensional stability

- Homeowners' industry-best transferrable limited lifetime warranty including fade protection

- Requires no proprietary or specialty tools to cut or install

- EZStack joinery speeds lap siding installation and ensures level with consistent course spacing

- Convenient EZNail® fastener slots on lap nailing hem every 8" O.C.

- Everlast Premium Color-Matched Trim collection available

6⁷/₈" Lap Siding

4¹/₂" Lap Siding

Butt-Joint Flashing — Joint Flashing, Do NOT caulk joint

IMPORTANT FASTENING INFORMATION: James Hardie® siding, trim and soffit products must be installed in a manner that meets local building code and wind load requirements. It is the responsibility of the installer, builder, architect or other building professional and the home or property owner to ensure the fasteners and fastening schedules used result in an installation that is code compliant.

Consult ESR 1844 and ESR 2290 or other applicable, local code compliance documentation for guidance on fastener selection and placement to achieve design wind loads for the specific James Hardie siding product, framing type, building height, wind exposure category and other factors relevant to your project.

For special circumstances outside the scope of these documents, please refer to the Technical Document library at www.jameshardie.com or contact James Hardie's Technical Services at 1-888-J-HARDIE (1-888-542-7343).

LP SmartSide®

LP BUILDING PRODUCTS **SmartSide**® TRIM & SIDING

lpcorp.com/smartside

LP® SmartSide® trim & siding products deliver the authentic look of real wood, with many advantages over traditional wood trim and siding.

- Free of knots so you don't waste time sorting through flawed pieces
- Resists cupping and warping
- Factory pre-primed to take paint well, delivering optimal adhesion and consistent application
- SmartGuard® manufacturing process helps protect against termite damage and fungal decay
- 5/50-Year Transferable Limited Warranty provides a five-year, 100% labor and replacement feature and a 5/50-Year Prorated Limited Warranty on the product

The difference is clear: LP SmartSide products are the smart choice.

BEFORE
Natural Cedar Shingles

AFTER
Sandcastle Beach House Shake

Imagine if natural cedar shingles could stay looking "natural", just like the day they were installed, for the life of a home. Now they can with Beach House Shake — the authentic composite shingle.

Beach House Shake's innovative composite technology delivers a new level of aesthetic and architectural precision. Every individual shingle is unique with the subtle nuances you demand from cedar shingles — including strikingly realistic grains, saw cuts, and natural color variations.

- KAPGUARD® with Kynar® coating provides guaranteed color protection for 20+ years
- Installs in a fraction of the time compared to traditional cedar shingles
- Available in four natural cedar shades.

TruExterior
Siding & Trim
truexterior.com

Craftsman Collection™

The TruExterior® Siding Craftsman Collection™ is the first man-made siding to replicate the natural aesthetic of real wood.

PREFINISHING AVAILABLE! CUSTOM COLORS WHITE

Like wood, TruExterior® Siding…

- is easy to handle (similar weight)
- can be painted any color with exterior-grade latex paint
- is easy to cut, rout, drill and mill
- can be installed using woodworking tools and methods

Unlike wood, TruExterior® Siding…

- has exceptional durability
- is resistant to rotting, cracking and splitting†
- offers excellent workability

Unlike many other exterior products (such as wood composites, fiber cement and vinyl/PVC), TruExterior® Siding…

- is suitable for ground contact
- does not require end-sealing, special adhesives or other cumbersome and costly installation techniques
- can be painted any color

† See TruExterior™ Siding and Trim Limited Warranties and Product Data Sheets for test results.

Tapes & Tools	CODE
3.75" x 90' Tape (1 roll per 7 ZIP panels)	ZITA
6" x 75' Tape	ZITA6
3.75" ZIP Tape Gun	ZITAGU

Installs Faster & Easier
- Up to 40% faster than traditional sheathing and housewrap[1]

Eliminates Rework
- Protective barrier is built into the panel, eliminating rips and tears typical of traditional housewrap
- ZIP System tape will not blow off

Code-Recognized Water-Resistive Barrier
- Built-in Stormex® water-resistive barrier keeps bulk water out during and after construction and eliminates the risk of water becoming trapped between housewrap and sheathing

Structural 1 Rated
- 4' x 9' and 4' x 10' panels

Type 1 Air Barrier
- Reduces air infiltration, helping to maintain the R-value of insulation and promote energy efficiency
- ZIP System tape reduces air leaks

Panel Breathability
- Specially engineered to vent moisture vapor through the panel, letting walls breathe and dry out

Peace of mind
- Limited 30-year system warranty[2]

[1] Based on time studies conducted by an independent third party and 2005 ZIP System builder survey.

[2] Limitations and restrictions apply — see zipsystem.com for details.
For ZIP Roof Panels, see page 165

ZIP System Wall is recognized by IBC and IRC (ESR-1474) as a structural wall panel and water-resistive barrier all in one. FL DCA Product Approval Number 6565-R2.

//ALSCO®

Trim Sheet

TRIM COIL doesn't simply cover up your exposed trim. Our proprietary process results in a product that **actively protects** homes from the elements, keeping them looking beautiful for longer.

NEW!

1 Precision-Engineered 3105 Aluminum Alloy

Offers unbeatable tensile strength for easy installation and superior protection

2 Five-Stage Power Clean

Removes dirt, grit, and artifacts to prevent imperfections

3 Rust-Resistance Agent Application

Helps keep corrosion at bay

4 High Performance Coating

Looks beautiful and keeps color richer, longer
Our exclusive **smooth Dymalar® 2000** finish to create easy-to-form, mark and abrasion-resistant trim coil. **It's engineered to withstand the harshest elements for a lifetime of virtually maintenance-free beauty,** and ALSCO® aluminum products are backed by a limited, lifetime warranty guaranteed not to crack, split, peel, flake or rust.

ALSCO® Trim Coil is available in 24 in. x 50 ft. coil size and offers the very best color matches to virtually any siding in today's marketplace, including many leading brands like **CertainTeed®, James Hardie®, and more**.

Made right in America's Heartland.

We've been a privately-owned American company since our founding in 1947. **Today, ALSCO directly employs 100 American workers**, and our decisions to obtain manufacturing materials locally supports even more jobs right here in the USA.
